

Edelbrock Fuel Pressure Sensor for Pro-Flo 3  
Part #3546

**INSTALLATION INSTRUCTIONS**

**PLEASE** study these instructions carefully before beginning this installation. This installation can be accomplished with common tools and procedures. However, a familiarity with working on automotive fuel systems is highly recommended. If you do not feel comfortable performing this installation or have never worked with automotive fuel systems before, it is highly recommended to have the installation completed by a Professional Mechanic. Proper installation is the responsibility of the installer. Improper installation will void the manufacturer's warranty and may result in poor performance and engine or vehicle damage. If you have any questions, please call our **Technical Hotline at: 1-800-416-8628**, Monday - Friday, 7:00 am - 5:00 pm, Pacific Standard Time.

***WARNING!***

***Make sure to perform the installation in a well ventilated area away from any potential fire hazards. Gasoline fumes are toxic and highly flammable. Prior to starting the installation, make sure to eliminate all potential fire hazards as fuel leakage can occur when loosening the fuel system connections.***

**DESCRIPTION**

This is a fuel pressure sensor kit developed for use with Edelbrock's Pro-Flo 3 EFI systems. It includes a 1/8-27 NPT fuel pressure sensor with a -6 AN fuel pressure take-off fitting.

Kit Includes:

1. Fuel Pressure Sensor - 1/8-27 NPT
2. -6 Fuel Pressure Take-Off w/ 1/8-27 NPT Port
